Enter the Calenda Average	ır Year Total	Under Health Care Reform law, the number of employees means the average number of employees employed by the company during the preceding calendar year. An employee is typically any person for which the company issues a W-2, regardless of full-time, part-time or seasonal status or whether or not they have medical coverage.
Number Employe		To calculate the annual average, add all the monthly employee totals together, then divide by the number of months you were in business last year (usually 12 months). When calculating the average, consider all months of the previous calendar year regardless of whether you had coverage with us, had coverage with a previous carrier or were in business but did not offer coverage. Use the number of employees at the end of the month as the "monthly value" to calculate the year average. If you are a newly formed business, calculate your prior year average using only those months that you were in business. Use whole numbers only (no decimals, fractions or ranges).

This consent remains in effect until it is withdrawn. The group may withdraw their consent at any time or request a document in a paper or non-electronic form.

I represent that, to the best of my knowledge, the information I have provided in this application – including information regarding qualified beneficiaries and dependents who have elected continuation under COBRA or state continuation laws – is accurate and truthful. I understand that UnitedHealthcare and Affiliates will rely on the information I provide in determining eligibility for coverage, setting premium rates, and other purposes, and that any intentional misrepresentation, fraudulent statement, or omission that constitutes fraud may result in rescission of the group policy, termination of coverage, increase in premiums retroactive to the policy date, or other consequences as permitted by law.

Any person who knowingly or willfully presents a false or fraudulent claim for payment of a loss or benefit or who knowingly or willfully presents false information, or conceals information for the purpose of misleading, in an application for insurance is guilty of a crime and maybe subject to fines and confinement in prison.

Note: As permitted by Louisiana law, if you owe past-due premium amounts to UnitedHealthcare of Louisiana or any other insurance company within our control group for coverage in the prior 12 month period, coverage will not be effective until those amounts are paid. Accordingly, your initial premium payment for new coverage will include additional amounts as reimbursement for the past-due premium.

In some instances, we pay brokers and agents (referred to collectively as "producers") compensation for their services in connection with the sale of our products, in compliance with applicable law. In certain states, we may pay "base commissions" based on factors such as product type, amount of premium, group/company size and number of employees. These commissions, if applicable, are reflected in the premium rate. In addition, we may pay bonuses pursuant to programs established to encourage the introduction of new products and provide incentives to achieve production targets, persistency levels, growth goals or other objectives. Bonus expenses are not directly reflected in the premium rate but are included as part of the general administrative expenses. Please note we also make payments from time to time to producers for services other than those relating to the sale of policies (for example, compensation for services as a general agent or as a consultant).

Producer compensation may be subject to disclosure on Schedule A of the ERISA Form 5500 for customers governed by ERISA. We provide Schedule A reports to our customers as required by applicable federal law. For specific information about the compensation payable with respect to your particular policy, please contact your producer.
